Replication Materials for Mozer et al. (2019)

Reagan Mozer, Luke Miratrix, Aaron R. Kaufman, and Jason Anastasopoulos

2019-03-25

The sections below describe the R code and data files needed to reproduce the results presented in the Mozer et al. (2019) article entitled *"Matching with Text Data: An Experimental Evaluation of Methods for Matching Documents and of Measuring Match Quality"*, forthcoming at *Political Analysis*.

Dependencies

For the replication, you will need the following packages:

- tm
- quanteda
- stringr
- cobalt
- optmatch
- dplyr

R scripts

The files included are. . .

Data files

The data files included here are. . .

Metadata files

Provide materials needed to reproduce all results presented in the Supplement.
